

PE and Sports Funding 2018/19

What is it?

The government is providing additional funding to improve the provision of physical education (PE) and sport in primary schools. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this. This funding is being continued until 2020

- the effect of the premium on pupils' PE and sport participation and attainment
- how you'll make sure these improvements are sustainable

How much school sports funding does Doxey Primary School receive? 2018/19

Doxey Primary School received £17,530 for this academic year.

After careful consideration, it was decided that the money is to be used as outlined below;

- £12,500 - Enrichment
- £3500 - Anomaly System
- £2,975 - Commando Jo Character Education

Enrichment

At Doxey, we employ a specialist teacher for engaging children in physical enrichment activities. Pupils have the opportunities to engage in enrichment activities which they may not otherwise experience, these currently include: zorbing, laser tag, judo, self-defence, archery and clay pigeon shooting. These activities encourage pupils' physical and emotional development, enhancing their general wellbeing.

Anomaly System

The Anomaly Board has content to target key health and well-being issues throughout the year, encourage children and young people to take responsibility for their own health through their diet, fitness regime and dental care. It also has mental health content displayed on the screen. Anomaly provides content that equips children with the understanding they need to process their mental health and the compassion they need to help others. Other benefits are;

- Exercise videos and dance routines
- Encouraging respect of other faiths and cultures
- Encouraging positive mental health
- Mindfulness
- Healthy eating and exercise

Commando Jo Character Education

The Character Curriculum/programme helps develop children's skills, knowledge and understanding whilst building their capacity to choose intelligently between decisions that contribute to their character development and specific learning.

Building the confidence of our Doxey children is of utmost importance: children with high self-esteem are better able to make difficult decisions under peer pressure, approach adults for support, and be self-sufficient in their learning. The programme develops this resilience through many activities, being part of the team, performing challenges or having a leadership role. Activities in class and homework projects that need to be completed independently can help prepare children for the new world of homework timetables. They develop their sense of adventure and increase their self-sufficiency by taking part in new and unfamiliar activities. The programme will contribute to cultural, physical, spiritual, moral and social wellbeing and play a part in extending each child's understanding of British values. These transferable skills will stand them in good stead as they move off into the unfamiliar world of secondary education.

What impact does the sports premium funding have?

The impact on pupils of the additional PE and Sport funding is measured at the end of each academic year:

- The impact has been good as can be seen by the numbers of children who take part in extracurricular activities and the quality of PE provision
- Bikeability support for Y5 pupils
- Scooterbility support for Y2 pupils
- Each year group has two hours of PE throughout KS1 and 2.
- We are now able to offer 8 PE clubs listed below.
- Children are showing the Doxey Values in and around school
- Children are excited to complete a mission in Commando Jo time.
- Children are active in their lunch break and break time using the games on the anomaly board
- In Year 6, 48% of our children can do each of the following:
 - swim competently, confidently and proficiently over a distance of at least 25 metres
 - use a range of strokes effectively
 - perform safe self-rescue in different water-based situations

School Games Mark

The School Games Mark is a Government led awards scheme launched in 2012 to reward schools for their commitment to the development of competition across their school and into the community. Schools in England are assessed across bronze, silver and gold levels. We achieved Bronze this year.

Autumn Term and Spring Term

Sporting Clubs

- Y3/4 netball 14 children
- Y5/6 football 18 children
- KS2 Laser Tag 16 children
- KS1 Archery 12 children
- KS2 Zorbing 19 children
- KS 1 Martial Arts 20 children
- KS2 Nerf Wars 20 children
- Drama 8 children
- KS 1 Laser Tag 18 children
